Please watch the website for updates on these exciting changes.

## End of an Era

Any work place is only as good as it's workers. We, as an organization and Township, have had the privilege of being served by one of the best in Charlie Koebel for 30 years, and now he's decided to hang up the work boots for good. Charlie started his career with the Township on August 10, 1992. It was through hard work and dedication over the years that Charlie progressed to his current role of Senior Lead Hand in 2011. Charlie has served this community passionately and will be sorely missed.

Although replacing Charlie is no small task we have promoted Ryan Baker from the position of Public Works Technologist to Public Works Supervisor. Ryan has been with the Township since 2016 and has been an integral cog in the Public Works machine in his time with the department. We are very confident that Ryan will pick right up where Charlie left off providing outstanding customer service to our residents.

Please join the Public Works Department as well as the rest of the organization in wishing Charlie a long, healthy and happy retirement, and wishing Ryan luck in this new chapter in what will hopefully be a long rewarding career with the Township.

## No Paper Ballots

For clarity, there will be no paper ballots available at any time during the voting period for the 2022 Municipal and School Board Election in the Township of Wellesley. Staff, with the approval of Council, determined that using the alternate voting method of Internet and Telephone voting was the most accessible, accommodating and cost effective voting method for the eligible electors of the Township of Wellesley
